**FALL 1961
SPRING 1962**

SCARFF'S NURSERY INC. is situated in the fertile Miami Valley 15 miles north of Dayton, Ohio, on highway No. 69. We extend an invitation to you to visit our modern nursery and new garden center at your convenience.

Our prices are as low as possible to quote consistent with a good grade of nursery stock, well grown and free from disease. These prices are based on the stock alone with packing at cost F.O.B. New Carlisle.

Scarff's Nursery Inc., guarantees to the full extent of the purchase price, that our plants are strictly first class, true to name and graded according to, or better than A.A.N. standards. We will allow five days after receipt of stock for adjustment.

Our terms are net cash. For those who have established credit with our firm, the terms are net 30 days.

2 yr.	9.00	80.00

New 'Midnite' Blackberry

This was our introduction in 1958 and we can unhesitatingly recommend this blackberry for its fine fruiting performance and strong, thrifty canes in comparison to other blackberry varieties. The berries are larger than Eldorado, jet black, glossy with a small core and very high in quality.

	per 100	1000
'Midnite' Blackberry		
1 yr.	12.50	100.00

B - B Shrubs and Trees

To meet the demand for quality B&B deciduous nursery stock, we are offering the below listed varieties. These are fall dug in rot-proof burlap and heeled in sawdust for early spring delivery. They are first class in every respect and we invite your inspection. Please ask for special B&B list.

Barberry Mentorensis	Viburnum burkwoodi
B. Crimson pygmy	Viburnum carlesi
Cotoneaster apiculata	Viburnum lantana
Cotoneaster divaricata	Viburnum
Cydonia (Scarff Strain)	lantaphyllum
Euonymus A. compacta	Viburnum mariesi
Forsythia Lynwood Gold	Weigelia vaniceki
Hamamelis vernalis	White birch
Flowering almond	Mountain ash
Syringa microphylla	Flowering crab
Syringa vulgaris	Crataegus
Viburnum Americana	Magnolia Soulangeana
(And Many Others - Send for Complete List)

New 'MIDNITE' BLACKBERRY

(Our Introduction in 1958)

We can unhesitatingly recommend this Blackberry for its fine fruiting performance and strong, thrifty canes in comparison to other Blackberry varieties. The berries are larger than Eldorado, jet black, glossy, with small core and very high in quality.

B & B SHRUBS

For landscape and garden center trade we have specialized on finishing a heavy grade of balled shrubs and evergreens.

HAMAMELIS VERNALIS

(Winter Flowering Witch Hazel)

Earliest blooming shrub in spring. Our propagations from plants with orange-red blossoms.

COTONEASTER DIVARICATA

Our soil produces good specimen plants of this excellent shrub. Can be furnished either Bare Root or B&B.

EUONYMUS ALATUS COMPACTA

This year we have a good block of heavy, 2 to 3 ft. plants branched to the ground.

VIBURNUM LANTANAPHYLLUM

Here is really a fine new addition to the Viburnum family. A hardy, rugged grower. An aristocrat in every way. We are growing it to replace Leatherleaf Viburnum which it more nearly resembles.

BARBERRY MENTORENSIS

Semi-evergreen and entirely hardy here in Ohio.

Late fall coloring, beautiful shades of orange-red.

GOLDEN VICARY PRIVET

Some 2 yr. field plants available this year. We have specialized in supplying Rooted Cuttings, Pot Plants and Transplants for lining-out.

SILVER LACE VINE

This ever popular vine has long been one of our specialties. This year we have a good supply of No. 1 field plants.

Silver Lace Vine

New 'Wintergreen' Boxwood
Photo March 1st, 1960

Scarff's New 'Wintergreen' BOXWOOD

(Buxus Koreana Mic. 'Wintergreen')

The Best Boxwood for the North

Holds its good bright green color throughout the winter in landscape plantings.

Excellent specimen or hedge plant. Highly desirable for planter boxes or as a facing plant.

Viburnum,
Tomentosum 'Mariesi'

Dwarf
Forsythia,
'Bronxensis'

New! DWARF FORSYTHIA

(Forsythia virid. 'Bronxensis')

An aristocrat of the low growing shrubs. Blossoms clear, pale yellow.

Foliage attractive dark green. Neat, compact growth.

Pyracantha, 'Runyani'

Improved Doublefile VIBURNUM

(Viburnum tomentosum 'Mariesi')

Horizontal branching with large flat clusters of creamy white flowers in May.

Brilliant fall color includes red berries and dark burgundy-red foliage.

'CRIMSON PYGMY' BARBERRY

Most colorful compact low landscape plant for edging or specimen planting

Heavy, 3-yr. bedded and 2-yr. field plants available.

RUNYAN RED PYRACANTHA

(Pyracantha Coc. 'Runyani') Orange-Red

We consider this to be the best of the redder types of hardy Pyracantha for the colder climates. Best fruiting and color develop in partially shaded plantings. May be staked, espaliered or grown as a round compact shrub.
